## New Zealand EVO M&V Training and CMVP Exam

Wellington 17 - 19 May 2017 in  
collaboration with EMANZ

### EVO Vision

Is to create a world that has confidence in energy efficiency as a reliable and sustainable energy resource.

### EVO Mission

Is to ensure that the savings and impact of energy efficiency and sustainability projects are accurately measured and verified.

### Board of Directors

#### Chair:

Tom Dreesen, USA

#### Vice Chair:

Pierre Langlois, Canada

#### Treasurer:

Neil Salisbury, Australia

#### Secretary:

Bob Dixon, USA

#### Board Members:

Anees Iqbal, UK

Patrick Jullian, France

Stephane le Gentil, Dubai

EVO® is pleased to announce its **New Zealand M&V Training** to be held in collaboration with AEE and the **Energy Management Association of New Zealand** on **17-19 May 2017** and a **CMVP Exam** on **19 May 2017** in Wellington.

### Overview

The Efficiency Valuation Organization (EVO) is an international non-profit organization that offers products and services which aid in:

- The measurement and verification of energy and water savings resulting from energy/water efficiency projects
- Financial risk management of energy savings performance contracts
- Quantifying carbon emissions reductions from energy efficiency projects
- Promoting sustainable and green construction through cost-effective and accurate accounting of energy and water savings

### Protocols

Starting in the 1990s, standardised approaches to energy efficiency Measurement & Verification were developed to assist developers, owners and financiers of projects. Today, the EVO-owned International Performance Measurement and Verification Protocol (IPMVP®) is the leading international standard in M&V protocols. IPMVP has been translated into 14 languages and is used in more than 100 countries. It is now typically cited as the basis for federal, state and utility M&V protocols.

### Training and Certification Programs

EVO provides training workshops for M&V professionals in order to raise the standards in M&V. Using its international expertise, the organization develops special workshops and training programs tailored to the needs of specific regions.

EVO, in cooperation with AEE, offers worldwide the Certified Measurement & Verification Professional (CMVP) designation. The right to use the CMVP title is granted to those who demonstrate proficiency in the M&V field by passing a 4-hour written exam and meet the required academic and practical qualifications. EVO's certification level training is offered as preparation for the exam and as a review of basic principles for experts.

While exceptionally professional in its activities, EVO is at heart a grassroots organization. As such, its energy, resources and direction stem from the contributions of those that make up its community. We sincerely hope you will become part of EVO. Find out more about the organization and becoming a Volunteer, or an Individual or Organizational Subscriber at

[www.evo-world.org](http://www.evo-world.org) or e-mail us at [evo.central@evo-world.org](mailto:evo.central@evo-world.org)

## Training and Exam Logistics

### Training Course Attendee Benefits

In addition to the knowledge gained from the Training Course, attendees will receive the following benefits:

- Printed copies of the Training Course materials (in English)
- Printed copies of the IPMVP or electronic copies can be downloaded from the EVO website ([www.evo-world.org](http://www.evo-world.org))
- EVO Certificate of Attendance
- Access to the Subscriber Section of the EVO website for one year.

### CMVP Exam and Certification

The EVO Trainer will administer the four-hour CMVP exam following the training. Those seeking the CMVP designation must meet the following eligibility requirements (in addition to attending the training course and passing the exam):

- Have 4-year degree from an accredited university or college in science, engineering, architecture, business, law, finance or related field plus 3 years of verified experience in energy or building or facility management, or M&V; OR
- Have a 4-year non-technical degree from an accredited college or university in a field not specified above degree plus five years of verified experience in energy or building or facility management, or M&V; OR
- Have a two-year technical degree plus five years of verified experience in energy or building or facility management, or M&V; OR
- Have ten years of verified experience in energy, or building or facility management, or M&V; OR
- Be a registered Professional Engineer (PE) or Registered Architect (RA) plus 3 years of verified experience in energy or building or facility management, or M&V; OR
- Have current status of Certified Energy Manager (CEM<sup>®</sup>).

Applicants must register for the CMVP exam by submitting an application to EVO in advance. If all eligibility requirements are met and a passing exam score is achieved, EVO will grant the CMVP certification. Those who do not have this qualification at the time of the exam and who pass the exam may receive the title of CMVP-IT (In Training) as long as they meet the CMVP-IT criteria (see [www.evoworld.org/CMVPIT](http://www.evoworld.org/CMVPIT)). When applicants have gained the necessary qualification or experience (within a 6 year period) they will be able to apply for the full CMVP title.

### Registration and Investment – Registrations close on 24 April 2017

Type of Registration (NZD, includes GST)	EMANZ Member or EVO Subscriber	Non Member
<b>Full Registration</b> (Includes EVO M&V Training Course & CMVP Exam)		
1. More than 6 weeks prior to the Training Course and Exam (by 04/04/2017)	\$2,855	\$3,110
2. 3-6 weeks prior to the Training Course and Exam (05/4/2017 – 24/04/2017)	\$3,125	\$3,380
<b>EVO M&amp;V Training Course Registration only</b> (Excludes CMVP Exam)		
3. More than 6 weeks prior to the Training Course (by 04/04/2017)	\$2,295	\$2,430
4. 3-6 weeks prior to the Training Course (05/04/2017 – 24/04/2017)	\$2,565	\$2,700
<b>5. CMVP Exam Retake only</b> (Excludes EVO Training) (by 17/04/2017)	\$525	\$655
<b>6. CMVP Exam Registration only</b> (Excludes EVO Training) (by 17/04/2017)	\$625	\$755

Payment should be made directly to EMANZ following registration, who will issue an invoice that shall be paid by cheque, direct credit or credit card. Payment by credit card will incur a surcharge.
