KEYNOTE SPEAKERS

Jason Anderson

Jason Anderson is President and CEO of Cleantech San Diego, a nonprofit member organisation that positions the greater San Diego region as a global leader in the cleantech economy. Cleantech San Diego's membership includes more than 115 local businesses, universities, governments, and nonprofits committed to advancing sustainable solutions for the benefit of the economy and the environment. As President and CEO, Jason manages the overall organisation and leads several initiatives critical to the mission of the organisation, including Smart Cities San Diego, advocacy efforts, and economic development programmes. Jason holds a degree in Corporate Communications from the University of Texas in Austin.

Steven Nadel

Steven Nadel is the Executive Director of the American Council for an Energy-Efficient Economy (ACEEE), a non-profit research organisation that works on programmes and policies to advance energy-efficient technologies and services. Steve has worked in the energy efficiency field for over 35 years and has over 200 publications on energy-efficiency subjects. He has testified many times before the US Congress on energy efficiency subjects and was a major contributor to multiple new US energy laws. Before ACEEE he worked for both the state of Massachusetts's largest utility and largest environmental organisation.
