New Zealand EVO M&V Training and CMVP Exam

Wellington 3, 4 & 5 April 2019

in collaboration with EMANZ

EVO's Vision

To create a world that has confidence in energy efficiency as a reliable and sustainable energy resource.

EVO's Mission

Is to ensure that the savings and impact of energy efficiency and sustainability projects are accurately measured and verified.

Board of Directors

Chair:

Pierre Langlois, Canada

Vice Chair:

Neil Salisbury, Australia

Treasurer:

Thomas K Dreessen, USA

Secretary:

Mark Lister, Australia

Board Members:

Patty Fong

Yamina Saheb

Laura Van Wie McGrory

EVO® is pleased to announce its **New Zealand M&V Training** to be held in collaboration with AEE and the **Energy Management Association of New Zealand** on **3, 4 & 5 April 2019** and a **CMVP Exam** on **5 April 2019** in Wellington.

Overview

The Efficiency Valuation Organization (EVO) is an international non-profit organization that offers products and services which aid in:

- The measurement and verification of energy and water savings resulting from energy/water efficiency projects
- Financial risk management of energy savings performance contracts
- Quantifying carbon emissions reductions from energy efficiency projects
- Promoting sustainable and green construction through cost-effective and accurate accounting of energy and water savings

Protocols

Starting in the 1990s, standardised approaches to energy efficiency Measurement & Verification were developed to assist developers, owners and financiers of projects. Today, the EVO-owned International Performance Measurement and Verification Protocol (IPMVP®) is the leading international standard in M&V protocols. IPMVP has been translated into 14 languages and is used in more than 100 countries. It is now typically cited as the basis for federal, state and utility M&V protocols.

Training and Certification Programs

EVO provides training workshops for M&V professionals in order to raise the standards in M&V. Using its international expertise, the organization develops special workshops and training programs tailored to the needs of specific regions.

EVO, in cooperation with AEE, offers worldwide the Certified Measurement & Verification Professional (CMVP) designation. The right to use the CMVP title is granted to those who demonstrate proficiency in the M&V field by passing a 4-hour written exam and meet the required academic and practical qualifications. EVO's certification level training is offered as preparation for the exam and as a review of basic principles for experts.

While exceptionally professional in its activities, EVO is at heart a grassroots organization. As such, its energy, resources and direction stem from the contributions of those that make up its community. We sincerely hope you will become part of EVO. Find out more about the organization and becoming a Volunteer, or an Individual or Organizational Subscriber at www.evo-world.org or e-mail us at evo.central@evo-world.org

Training and Exam Logistics

Training Course Attendee Benefits

In addition to the knowledge gained from the Training Course, attendees will receive the following benefits:

- A printed copy of Training Course material (in English)
- Printed copy of the IPMVP Core Concepts document or electronic copies can be downloaded from the EVO website (<https://evo-world.org/en/products-services-mainmenu-en/protocols/ipmvp>)
- Access to the Subscriber Section of the EVO website for one year.

CMVP Exam and Certification

The EVO Trainer will administer the 4-hour CMVP exam following the training. Those seeking the CMVP designation must meet the following eligibility requirements (in addition to attending the training course and passing the exam):

- Have 4-year degree from an accredited university or college in science, engineering, architecture, business, law, finance or related field plus 3 years of verified experience in energy or building or facility management, or M&V; OR
- Have a 4-year non-technical degree from an accredited college or university in a field not specified above degree plus 5 years of verified experience in energy or building or facility management, or M&V; OR
- Have a 2-year technical degree plus 5 years of verified experience in energy or building or facility management, or M&V; OR
- Have 10 years of verified experience in energy, or building or facility management, or M&V; OR
- Be a registered Professional Engineer (PE) or Registered Architect (RA) plus 3 years of verified experience in energy or building or facility management, or M&V; OR
- Have current status of Certified Energy Manager (CEM[®]).

Applicants must register for the CMVP exam by submitting an application to EVO in advance. If all eligibility requirements are met and a passing exam score is achieved, EVO will grant the CMVP certification. Those who do not have this qualification at the time of the exam and who pass the exam may receive the title of CMVP-IT (In Training) as long as they meet the CMVP-IT criteria (see <https://www.aeecenter.org/certifications/certifications/certified-measurement-verification-professional>). When applicants have gained the necessary qualification or experience (within a 6 year period) they will be able to apply for the full CMVP title.

Registration and Investment – CMVP Exam Registrations close on 22 March 2019

Type of Registration (NZD, excludes GST)	EMANZ Member or EVO Subscriber	Non Member
Full Registration (Includes EVO M&V Training Course & CMVP Exam)	\$2,950	\$3,250
EVO M&V Training Course Registration only (Excludes CMVP Exam)	\$2,400	\$2,600
CMVP Exam Registration only (Excludes EVO Training)	\$650	\$750
CMVP Exam Retake only (Excludes EVO Training)	\$400	\$500

Payment should be made directly to EMANZ following registration, who will issue an invoice that can be paid by cheque, direct credit or credit card. Payment by credit card will incur a surcharge.

Cancellation policy

Cancellation requests must be received in writing (email is accepted). Cancellations received more than 15 days prior to the training will be accepted and fees refunded less a 50% cancellation fee. Cancellations made within 15 days prior to the training cannot be accepted and full cancellation penalties will apply. Note that Registration for the training or exam cannot be transferred to another person.

EMANZ reserves the right to cancel the training within 15 days prior to the event if there is not sufficient interest in attending. All monies will be refunded in this case.
